## Bible School Will Close This Week

The Vacation Bible School which opened at the Pahokee First Baptist Church on July 31 and will continue this week through Aug. 7 has a daily attendance of approximately 200 children.

The school will close Friday evening with graduation exercises in the church auditorium at 7:30 when certificates will be presented to the children who successfully complete the courses. Parents will be invited to inspect the work of the children which will be on display in the various school rooms.

The Rev. James E. Boyd is serving as school principal. Department superintendents include Mrs. Kyle Hatfield, nursery; Mrs. Wallace Barnes and Mrs. Gore, beginners; Mrs. Ralph Crews and Mrs. C. G. Willis, primary; Mrs. James Boyd and Mrs. Charles Sears, junior department.

## Funeral Services For J. K. Royeton

Funeral services for James Keith Royeton, 77, of Canal Point, were held at 3 p. m., Tuesday at the Canal Point Baptist Church with the Rev. Charles D. Stewart, pastor, officiating.

Mr. Royeton died Sunday at a Hollywood hospital. A resident of Canal Point since 1925, he was a retired merchant and a member of the Canal Point Baptist Church.

Survivors include his wife, Mrs. Mary Royeton, of Canal Point; three sons, Keith Royeton of Kansas City, Mo., Bertram Royeton of California and John Royeton of Nebraska; also one daughter.

Active pallbearers were: Ray Hawk, D. L. Hooks, Charles Maxson, Pope Sears, Alton Jones, and Roscoe Stokes. Honorary pallbearers were: Grady Echols, J. H. Bordeaux, J. L. McCall, H. H. Sears and Paul Rardin.

Burial was at the Port Mayaca Cemetery.

## Teachers Start Their Duty Aug. 24.

Palm Beach County's more than 1,500 teachers report for duty at the Preschool Period, Aug. 24, it was announced Monday by County Supt. Howell L. Watkins.

This preschool planning and orientation course covers Aug. 24 through Sept. 2, it was stated.

Preschool registration is scheduled Sept. 1 and the regular public schools will reopen for the 1959-60 school year on Sept. 3, Watkins said.

Also, it was learned today the annual area meeting of the Florida Education Assn. will be held in West Palm Beach, August 31, while the meeting of the Florida State Teachers' Assn. is scheduled Aug. 20 at Lincoln Park Academy, Ft. Pierce.

Mr. and Mrs. Wallace Barnes had as guests the past week's Mr. and Mrs. Clyde Barnes of Swainsboro, Ga.

## Local Scouts Will Meet Each Week

Canal Point Boy Scout Troop 624 will resume regular weekly meetings in the scout hut at the Glades Park Friday night, Aug. 7, according to Scoutmaster P. A. Slonaker. Plans are being made for the reactivation of Troop 624 this fall. A seven-man troop committee will be named and a sponsoring group will be designed as preliminary steps in the reactivation program, Slonaker said.

## City Must Pay For Prisoners Care

Attorney General Richard W. Ervin held Monday the city of Belle Glade was required to furnish and pay for medical care for indigent prisoners, sentenced by its municipal court.

While there is no provision in the city charter and no general law on the subject, Ervin advised Belle Glade City Attorney Claude S. Jones court opinions held medical attention should be provided.

Ervin held that if the city failed to provide medical and hospital care and the prisoner was subsequently permanently disabled, the city would be responsible.

Ervin said termination of a sentence would end liability of the city in such cases.

And, the attorney general said, time spent in a hospital should be counted toward the prisoner's sentence.

## Work Underway On Lake Shore Drive

The Weekly Paving Co., Inc. contractor for the new \$155,945 improvement project on Lake Shore Drive at Canal Point began work this week clearing the 60-foot right-of-way preparatory to the construction of the street which is seven-tenths of a mile long, extending from the packing house center north to the bridge over the West Palm Beach Canal. The clearing of the right-of-way necessitates the removal of several large trees, utility poles and a few buildings.

The earth base of the old road will be replaced with limerock and the new street will be complete with curbs, gutters with improved drainage outlets and sidewalks. The contractor will maintain traffic during the construction which is expected to be completed by January.

## Johnny Kautz Is FFA President

The Pahokee Chapter, Future Farmers of America, has elected Johnny Kautz president for the coming year. Other new chapter officers are Wayne Waggon, vice president; Billy Mackey, secretary; Lee Gramins, treasurer; Morris Kennedy, sentinel, and Rema Echols, reporter. N. R. Norman is chapter advisor.

Miss Janetie Harrington is spending a week at the Methodist Youth Camp near Leesburg, Fla.

## It Sure Ain't US441; It Will Be County Secondary Road

An explanatory telegram to County Commissioner Paul Rardin from the State Road Department in Fort Lauderdale should once and for all relieve any apprehension that Lake Shore Drive, (now under construction in Canal Point) is planned as a part of US441. It was never planned to be a part of US 441 but some rumor mongers in Canal Point who have fought the road since inception of the rebuilding plan, have had a heyday spreading the false information that the road was to be a part of US441.

The following telegram from Winston Carlton, Division Engineer of the State Road Department in Fort Lauderdale is self-explanatory:

Fort Lauderdale,  
August 5, 1959  
12:19 p. m.

Paul Rardin,  
County Commissioner,  
Canal Point, Florida

The construction of Lake Shore Drive Job 93740-3175 in Canal Point is being financed with Palm Beach County secondary bond funds and on completion will be marked and maintained as a county secondary road.

Winston Carlton,  
State Road Dept.

Further information about Lake Shore Drive that should prove to any reasonable person that it is not to become part of a federal highway is the fact that it is being built on a 60 foot right-of-way. It is only 60 feet from the outside of the sidewalk on one side to the outside of the sidewalk on the other side of the road. This day and age the Bureau of Roads of the Federal Government and the State Road Department demand 106 feet of right-of-way for four lane highways and in some cases they do whittle their requests down to an even 100 feet.

Mr. Carlton's telegram was in response to a telephone call from Mr. Rardin who explained to the State Road Official that a lot of yow-yowing and jack-yacking was going on in Canal Point as the result of the false rumors being spread by the aforementioned rumor mongers.

## Gamot Sells Part Section For \$100,000

Transfer of part of a section of land by Mr. and Mrs. A. J. Gamot of Palm Beach County to Mr. and Mrs. W. M. Packer and Mr. and Mrs. E. H. Haas of Broward County, for an indicated sales price of \$100,000, was described in a deed filed Monday in the office of J. Alex Arnette, circuit clerk.

The property was described in the deed as the Southeast quarter of the Northeast quarter of Section 25, Township 40 South, Range 42 East. That area is shown on maps as in the Northeast corner of the county just below the Martin County line, above the Loxahatchee River and east of Tequesta.

## Veteran's School For Blind Is Topic

The rehabilitation program of the Veteran's School for the Blind well who recently returned to Pahokee Lions at their Tuesday luncheon meeting by Ralph Maxwell who recently returned to Pahokee from Chicago. The speaker was introduced by W. A. Reynolds, program chairman. A meeting of Lions District 35-D at Cocoa on Aug. 23 was announced by President Paul Tillery.

## Local Lions Seek New Post Master

The Canal Point Lions Club at the regular dinner meeting, held Monday night in the Community Building with President James Gibson presiding, passed a resolution recommending that the Post-office Department appoint as soon as possible a regular postmaster to fill the vacancy left by the resignation of Osceola Upthegrove, who resigned after serving as postmaster at the Canal Point office for 23 years and whose resignation became effective June 13.

The club secretary was instructed to send copies of the resolution to Senators Spessard Holland and George Smathers and Congressman Paul Rogers.

P. A. Slonaker presented a program on "Alaska" in which he showed colored slides of Alaskan scenes.

## Last Rites Held For Z. A. Geiger

Funeral services for Zelotti Arden Geiger, 61, of Canal Point, were held at the Canal Point Baptist Church at 3 p. m., Thursday, Aug. 6, with the Rev. Charles D. Stewart, pastor, presiding.

Mr. Geiger died at the Everglades Memorial Hospital Tuesday at 10:45 p. m., after an illness of several weeks. He operated a plane crop dusting service and was one of the pioneer crop dusters of the Glades, coming to this area in 1919.

He is survived by his wife, Catherine, Canal Point; one son, Z. A. Geiger, Jr., Metter, Ga.; one daughter, Mrs. Naomi McLean, Bronson, Fla.; mother, Mrs. Mary Royeton, Canal Point; one stepdaughter, Miss Peggy Turner, Canal Point; three brothers, Rudolph, of Fort Lauderdale, W. L. of West Palm Beach and J. J. Geiger, Clewiston; two sisters, Mrs. Julia Catherine Mazzaferro, Lake City, Tenn., and Mrs. Jerry Curtner, Fort Pierce; also by six grandchildren.

Active pallbearers were J. W. Repper, J. E. Williams, Ray Hawk, Pope Sears, Harlan Sears and Emery Sears. Honorary pallbearers included D. P. Hughes, J. S. Chastain, Paul Rardin, Charles Maxson, Frank O'Connell, Alton Jones, and J. L. McCall.

Burial was at the Port Mayaca Cemetery.

Mr. and Mrs. Robert B. Simonson entertained at their home, 126 Bacon Point Road, with a dinner party honoring their wife, Rollo J. Simonson, Pahokee pioneer settler, on his 55th birthday anniversary.

## Lake Remains At 2 Ft. Above Normal

Lake Okechobee remains swollen almost two feet above the desired level for this time of year, Flood Control District officials said this week.

However, there is no danger of flooding in the Everglades agricultural area including, particularly, Palm Beach County, engineers said.

Monday the lake was measured at 14.9 ft. above sea level whereas flood control engineers prefer the level to be at no more than 13 feet during the so-called "Hurricane season."

This latest figure shows the lake's level has been reduced one-fifth of a foot since it was last reported 10 days ago, due to pumping operations and despite the continued above-average rainfall for this time of year.

FDC Executive Director G. E. Dail, Jr., said the average rainfall for July in this lower East Coast area is 7.11 inches whereas reports being received show there was an actual rainfall last month of about 9.7 inches.

## Belle Glade Legion Hall For Teenagers

Use of Everglades American Legion Hall for Teen Town, Inc., of Belle Glade was formally granted by the post's executive board following action of that body last Thursday night when it met with representatives from Teen Town to work out tentative details of an agreement to operate the hall as a teen center.

The organization's home for the past eight months is being leased to a commercial enterprise by the building's owner, Dr. J. A. Baker, Belle Glade.

In making the announcement this week Commander Randolph Livingston emphatically stated that the Legion Club 20 bar would be closed during the two nights each week which the teenagers used the hall.

Livingston appointed a committee of Legionnaires to supervise the kitchen concession stand on Friday and Saturday nights consisting of E. F. Donofrio, chairman, Belle Glade; Fred Woodcock, Pahokee, and H. A. Vaughn, Jr., Jack Rashley, Red Wayne and George Pierce, all of Belle Glade.

Last Saturday night approximately 200 youngsters crowded the Legion hall when a band from West Palm Beach played for the first dance held in the new quarters.

This Friday formal dress will not be required and admission will be 20 cents; however, dress is requested for Saturday when another rock-n-roll band from the east coast will play for dancing. Admission will be 50 cents. Directors and chaperones of Teen Town will continue to exercise full jurisdiction over the activities held at the hall.

Mr. and Mrs. W. A. Reynolds have as guests their son-in-law and daughter, Mr. and Mrs. Ernest Pittman and children of Sneeds' Ferry, N. C., and Mrs. Cora Newber, also of North Carolina.

### Soil Bank Plan Is Being Publicized

Farmers of Palm Beach County who are interested in the Conservation Reserve of the Soil Bank for the 1960 crop season will be able to get full information at the county Agricultural Stabilization and Conservation office after the middle of August, ASC Chairman, E. F. Forebich, said today.

The basic national rate of payment will be \$13.50, the same as in 1959. These rates vary by counties.

The principal changes in the program this year will be as follows:

1. Land owned by a State, county, town, or local government will be ineligible for the program—a rule which is already in effect for Federal land.
2. Land which has changed ownership (except through inheritance) since December 31, 1956, is ineligible to enter the program in 1960.
4. If land under a 1960 Conservation Reserve contract is sold, the contract generally may be assumed by the purchaser only after it has been in effect for 3 years.

As in 1959, the 1960 Conservation Reserve will be conducted on an offer-and-acceptance basis. The first step will be for the farmer to inform the county office of the land he wants to place in the program and request that a basic per acre rate be established for the land. These rate requests may be filed at the county office beginning August 24 and must be filed not later than September 10 if the farmer wants to be considered for a 1960 contract.

The county committee will establish the rate, setting it 10 percent higher if all eligible cropland on the farm is to be retired.

After the basic rate has been determined, the farmer may apply for a contract at any figure below that rate. In case the county receives more applications than it can accept, priority will be given to the farmer offering the land at the lowest rate compared with the basic rate established for his land. For example, if the basic rate on a farmer's land is set at \$12 per acre, he will have a better chance of getting a contract if he offers the land at \$9 an acre than if he offers it at \$10 or more.

A farmer who applied for a 1959 Conservation Reserve contract, but was not offered one because of shortage of funds will get special consideration this year. Such a farmer will be offered a contract at the basic rate for his land reduced by the average amount of reduction for all offers received in the county. If he is not willing to accept such terms, his application will be considered on the regular basis along with other applications received.

For most farms, placing land under contract will require a corresponding acreage reduction in grains, oilseeds, and row crops, which are known as Soil Bank base crops. The per-acre rate will be earned each year the contract is in effect. In addition, a farmer can get a cost-share payment to assist in establishing approved conservation uses on the land.

### Africans To Get St. Pete Dresses

ST. PETERSBURG—A shipment of 1,000 dresses given to Goodwill Industries by residents of St. Petersburg will be shipped to Africa for use by Dr. Albert Schweitzer's mission. St. Petersburg businessmen bought the dresses from Goodwill for \$500.

The businessmen decided on the project after learning Schweitzer needed drugs, dresses and soap for the mission at Lambarene, French Equatorial Africa. Goodwill is a non-profit organization that employs handicapped persons to restore donated household items and clothing. It was established by the Methodist church.

### Accurate Records Needed By Farms

TALLAHASSEE—Florida farmers are urged to maintain accurate records of their farm operations throughout this year because of the five-year agriculture census to be taken this fall, according to Nathan Mayo, Commissioner of Agriculture.

Purpose of the 1959 Census of Agriculture is to find out the nature and extent of the many important changes that have taken place since the last census in 1954. Data from the census is the basis for programs of the U. S. Department of Agriculture, congressional farm legislation and farm organizations policies.

"In order that there may be full and complete agricultural statistics for Florida, each farmer is requested to answer the census questionnaire truthfully," said Mayo.

The Commissioner added that the information given by the farm producers cannot be used for any other purpose than statistical and cannot be turned over to tax agencies or investigating groups. About two weeks before the farm census gets underway, the post office will distribute a questionnaire to each box holder on rural routes. Farmers will be asked to fill out the forms and the enumerator will review the answers with the farmer when he picks up the form.

Mayo said the Florida farmers can aid materially in speeding up the census by beginning now to gather records on their farm resources, farm products sold this year and related farm activities.

### Screw Worm Fight Being Studied

SEBRING—Officials of the federal-state screwworm eradication program have suspended the procedure of dispersing sterile flies in South Florida to evaluate the effectiveness of the program.

The number of livestock inspectors will be doubled and fly-trapping activities will be increased. Officials announced that if screwworm activity is found in the area, reaching from Lake Okeechobee to Key West, sterile fly dispersals will be resumed immediately.

### New Stamp Salutes Soil Progress

A four-cent postage stamp saluting progress in soil conservation in the United States will be issued August 26. The nation's first soil conservation stamp will be formally released at the annual meeting of the Soil Conservation Society of America at Rapid City, South Dakota. The stamp, which was developed in cooperation with the U. S. Department of Agriculture, portrays a modern farmland setting signifying that conservation farming brings beauty as well as bounty to rural living.

### Miss Carpenter Will Be Honored

The home of Mrs. Sue Shirley, 943 East Main St., Pahokee, will be the scene Tuesday, Aug. 11, from 7:30 to 10 p. m. of a miscellaneous calling shower in compliment to Miss Carol Carpenter, bride-elect, whose marriage to Dan Borgnaes will be an event at the Pahokee First Methodist Church Sunday afternoon, Aug. 16. Other hostesses, in addition to Mrs. Shirley, will be Mrs. Myrtle Platt, Mrs. Foy Rogers, Mrs. Irene Hurr, Mrs. Hulda Wilson, Mrs. Rachel Scruggs, Mrs. Peggy Thierry and Mrs. Jessie Barnes.

### McCalls Are Home From Vacation Trip

Mr. and Mrs. J. L. McCall have returned to their home in Canal Point after a month's visit with relatives in Georgia and Illinois. They were accompanied home by their grandchildren, Laurel and Dale McCall of Chamblee, Ga., and David McCall of Chicago. While here David will also visit his grandparents, Mr. and Mrs. M. C. Carter, at Fort Mayaca. The McCalls expect to have as guests this weekend their son and daughter-in-law, Dr. and Mrs. J. L. McCall, Jr., of Chamblée.

### Flying Saucer Principle Talked

MIAMI—A noted scientist says that the principles used in creating one of South Florida's leading attractions might be the same as those which power flying saucers.

Dr. George Williamson has compared the massive masonry erected by a 95-pound immigrant, Edward Leedskalnin, at Homestead's Coral Castle tourist attraction, with ancient Inca walls in Peru. He theorized that both Leedskalnin, who died in 1951 without revealing how he built the mammoth figures, and the Incas may have known the secret to the same magnetic force that possibly powers unidentified flying objects.

Leedskalnin built, among other fantastic objects, a gate weighing nine tons, a 20-ton pillar and a 1,000-pound rocking chair. How these objects were built has puzzled

zied engineers ever since. Dr. Williamson is an anthropologist who has become interested in unidentified flying objects.

### HOME FROM CAROLINA

Mr. and Mrs. O. D. Carpenter were accompanied home from a visit with their son-in-law and daughter, Mr. and Mrs. Vance Denton, and family at Boone, N. C., by Mrs. Denton and children who returned to their home in Pahokee after spending several weeks at Boone while Mr. Denton attended the summer session at Appalachian State Teachers College.

### YOUTH CENTER OPEN

The Pahokee Youth Center on East Main Street is open this month from 7:30 to 9:30 p. m. Mondays for children from 6 to 12 years old and from 7:30 to 11:30 p. m. on Tuesdays, Fridays and Saturdays for teenagers. Mrs. Marie Kincaid is director of the center.

## Pick your savings target and shoot straight for it!

**A** home... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2063 in cash; in 10 years, \$4443.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

**For the big things in your life, be ready with U. S. Savings Bonds**

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$30,000.

## Now even better! Invest more in Savings Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department declines, for this purpose, donations, the Advertising Council said.

Mr. and Mrs. Foster Lassiter had as guests this week his mother, Mrs. Lutie Lassiter, and brothers, Foy and Kenyon Lassiter, of Torala and Lafayette, Ala., who attended funeral services for Mrs. Lassiter's son-in-law, Z. Arden Geiger, Thursday afternoon.

Sean and Jim Nye of West Palm Beach are guests of their grandparents, Mr. and Mrs. R. F. Hurt, in Pahokee while their parents, Mr. and Mrs. John Nye, are away on vacation.

Mrs. Kenneth Hitchcock and Mrs. Dorsey Pugh returned Sunday after three weeks visit with Mrs. Hitchcock's daughter in Canada.

Mrs. J. E. Carter has returned to her home in Jacksonville after a visit with Mr. and Mrs. M. D. Geiger.

Mr. and Mrs. Rupert Mock and family and Mr. and Mrs. Lewis Friend and family are spending a month's vacation at Ft. Myers Beach.

## Hot Rod Car Club Formed In Pahokee

Colvin Herring was elected president of the newly organized Pahokee Hot Rod Car Club which will operate under the rules of the National Hot Rod Association. Other officers of the club, which has 20 charter members, are Don McLendon, vice president and treasurer, and Roger Watson, secretary.

The car club, which has as its motto, "Dedicated to Safety," was organized to promote safety on the highways by cooperating with law enforcement officers in the elimination of the practice of drag racing

on streets and highways. The club will attempt to get an authorized drag strip established in this area where drag racing will be lawful and carried out under the rules of the national association, according to plans announced by the club officers.

### BOLTON RETURN HOME

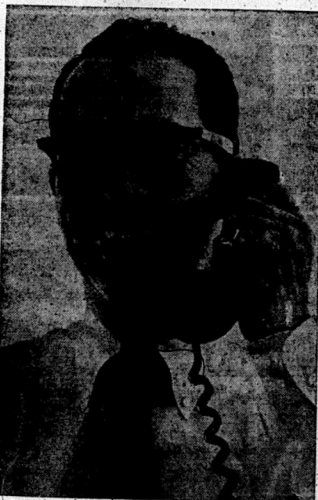

Mr. and Mrs. John Bolton are back on the job in their air conditioned drug store in Pahokee after a two weeks vacation that took them to many interesting spots between here and Virginia. They report a good trip and say they enjoyed some much needed rest.

a castle in the air costs nothing  
—but you can't live in it!

Make your dream house come true! It's easy  
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Bonds & Savings Bonds.

Because Savings Bonds earn solid interest—2% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big savings amounts. For instance, if you start saving \$10.00 a week for just five years, you'll have \$3,250.00 cash. In 9 years, 3 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs right now; cash the way you want! 8 million other Americans are now meeting theirs. Sign the Payroll Savings Plan today! For more facts, apply to the U. S. Treasury, or to the U. S. Savings Bonds Office in your city. Best now to make your dreams come true!

*If you want your savings in savings bonds, ask your bank about U. S. Bonds, or call for literature directly to Treasury Dept.*

## Women In The Navy To Get Good Jobs

An opportunity to work in the Nation's capital and to launch a career with the Navy Department is still offered to typists and stenographers of this area, according to Miss Anna Knight, the Navy's civil service representative at the Navy Recruiting Station, Post Office Building, Miami.

The positions carry civil service ratings with entrance salaries of \$67, \$72, and \$78 a week. The work week is five days, and the employment carries excellent annual and sick leave benefits, in addition to eight legal holidays a year. There are automatic salary increases for all satisfactory employees.

Other advantages provided for Navy employees are: non-profit cafeteria, group hospitalization, Navy dispensaries, life insurance, credit associations, recreation programs, university evening classes, and cash awards for superior performance.

The examinations for these positions are given in Miami, and arrangements are made for qualified applicants to begin employment at their convenience. The Navy Department makes reservations for nice living accommodations for all new employees.

For further information, contact Miss Knight at the Navy Recruiting Station, Post Office Building, Miami. Phone: Franklin 4-5277.

## Shower Honors Miss Beth Smith

A calling shower in compliment to Miss Beth Smith, bride-elect, was held at the home of Mrs. M. D. Geiger in Canal Point from 3 to 5 o'clock Wednesday afternoon. Miss Smith's marriage to Harry Brooks Earbee of West Palm Beach will be an event at the Canal Point Baptist Church Saturday, Sept. 5.

Hostesses assisting Mrs. Geiger were Mrs. James Gibson, Mrs. A. T. Folt, Mrs. W. K. Buchanan, Mrs. G. T. Echola, Mrs. Susan Wilson, Mrs. Pope Sears and Miss Kansas Todd.

Pink hibiscus blossoms predominated in the decorative pink and white color scheme used by the hostesses. Serving at the refreshments table were Miss Lory Rockwell of Belle Glade, Miss Carol Murray of Miami and Miss Dorothy Collins of Fort Lauderdale. Miss Linda Sellers of Pahokee was in charge of the guest book. The honoree was assisted by Mrs. Holt and Miss Todd in the opening and display of the many lovely gifts.

## Young Scruggs To Pensacola Job

George Allen Scruggs, son of Mr. and Mrs. S. S. Scruggs of Runyon and Bryant, has accepted a position with Vetro Laboratories, Inc., at Elgin Air Force Base near Pensacola.

After graduating from Pahokee High School in 1953, George Allen joined the U. S. Army and was stationed for two years in Germany. Following his release from the Army he attended Appalachian State Teachers College at Boone, N. C., for two years, then enrolled in Southern Technical Institute, Chamblee, Ga., where he received his Associate in Science Degree in Electrical Technology on June 13 of this year.

He and his wife, the former Sallie Kay Bridges, daughter of Mr. and Mrs. Worth T. Bridges, Sr., of Ellenboro, N. C., are now making their home at Fort Walton Beach, Fla., where she is a member of the Fort Walton Elementary School Faculty. Mr. and Mrs. Scruggs became acquainted while they were both attending school at ASTC in Boone and were married in 1957.

## Florida Ag Leader Spencer Passes At Hospital Recently

GAINESVILLE—Arthur P. Spencer, former director of the University of Florida Agricultural Extension Service and long-time Florida agricultural leader, died here Monday, July 27, following a brief illness.

Spencer, who was 82, was a native of Canada and graduate of Virginia Polytechnic Institute. He first joined the University of Florida staff in 1910, as assistant in extension, and was the first person in Florida to hold a title in agricultural extension work.

Spencer was named district agent with the Extension Service in 1914. He helped set up the system of county and home demonstration agents that is now widely known throughout Florida.

In 1916 he became assistant director of extension, and in 1918 his title was changed to vice-director. He was made director in 1943.

Since his retirement in 1947, Spencer had been director emeritus. He was past master of the Gainesville Masonic Lodge and member of the First Presbyterian Church.

Spencer received numerous honors during his active career in agricultural extension work. He was president of the Florida Chapter, Epsilon Epsilon Phi, extension workers fraternity, and in 1943 was awarded a certificate of recognition by the chapter. He had been chairman of the professional training committee and member of other committees of the Association of Land Grant Colleges and Universities.

The Progressive Farmer magazine named him man of the year 1939 in service to Florida agriculture.

## Lights Arranged East Lake School

According to information from School-Board Member T. W. Knight the contract has been let for erection of flood lights on the foot ball field at East Lake School in Pahokee. Mr. Knight said the contract was awarded to the lowest bidder for a price of \$4900.00.

Mr. and Mrs. Brooks Henderson have returned home after a vacation with their parents in Kentucky.

## Farm Surveys Point Way To Improvement In Many Operations

GAINESVILLE—Farm surveys or analyses are in progress in several Florida counties, according to Cliff Alston, farm and home development specialist with the Florida Agricultural Extension Service.

An analysis of nine dairy farms and one beef cattle farm has been completed in Manatee County. Other work has been done in Santa Rosa, Glades, Okaloosa, Collier, Hendry, and Charlotte. Future work is being planned in other areas of the state.

According to Alston, this farm analysis is the first step in the farm and home development program.

"We are striving to give the farm family facts and figures on present farm operations," says the economist. "With this information on costs, production, and other factors, we can offer assistance or advice in areas of farm operation which need improvement."

This farm analysis approach is relatively new in Florida. It has been done to various extents in other states. "It is hoped," says Alston, "that we can advance the Florida program until more areas of the state are covered."

Results obtained from the individual farmer are kept confidential unless the farmer desires otherwise. The only figures circulated are those of an average nature, pertaining to a number of different operations.

County agents and Extension Service specialists work closely with the farmers to help improve their farm operations on an individual basis.

Mr. and Mrs. J. L. McCall have returned home after a month's visit with relatives in Georgia and Chicago. They were accompanied home by their grandson, David McCall of Chicago. David will also visit with his other grandparents, Mr. and Mrs. M. C. Carter.

## Printing Is Big Business In State

Publishing houses and printing firms in Florida turned out some \$130 million worth of newspapers, magazines, pamphlets and other literature last year.

This volume of printed and illustrated materials in three times the size of the industry's product in the state ten years ago, the State Chamber of Commerce said yesterday.

There are about 600 printing establishments in the state today. These firms employ some 14,000 persons and have an annual payroll of approximately \$60 million.

The largest portion of the printing business in Florida is done by newspaper plants with products last year valued at \$98.8 million. Commercial plants produced \$23.4 million in a wide variety of items. Lithographic establishments turned out finished goods worth \$5.2 million and magazines published in the state were worth \$2.6 million.

Consumption of printed materials in Florida out-rips production, but figures on this phase of the industry are not available at this time.

## Milk Price War Reaches New Low

MIAMI—Greater Miami's milk price war flared again last week with half-gallon prices at an independent supermarket plummeting to a new low of 27 cents, or 28 cents below the regular consumer price. And several supermarket chains joined the price drop.

Stevens market advertised half-gallon specials at 29 cents, while Shell's sold milk at 33 cents.

The 27 cents per half gallon bargain was being offered by Earl's AG Supermarkets. Owner Earl Bussey said, "This is the only weapon we have."

Since consumer price controls were eliminated in South Florida grocers have frequently offered milk sales as "loss leaders" of merchandise sold at below cost to attract customers to the store.

Ray Jones of Clewiston was the guest of his grandmother, Mrs. C. B. Jones for several days. He will leave very soon for an Army assignment in Texas. Ray is a former resident of Canal Point and the son of Mr. and Mrs. Charles Jones of Clewiston.
